RG104 E-1 Box 121

Mint of the United States at Philadelphia,
MELTING AND REFINING DEPARTMENT,

23rd June, 1880.

Sir,

I herewith present the application of the Rev. Mr. Dyle for a furlough recommending that it be granted. I am personally aware that the Church authorities, and friends of the Mission, desire that he should devote himself wholly to it, and that they are taking steps to accomplish this end as soon as practicable.

I desire to do justice to Mr. Dyle in saying that he has rendered me good service with his pen and in other ways, the last being to put the Laboratory in the Cellar in fair working order, after years of confusion.

very respectfully yours

J. A. C. Booth,
M. & R.

Hon. A. Loudon Snowden,
Superintendent.
